Framework for Diversity Strategic Planning Available Online

The Diversity Strategic Framework 2015-22: Fostering Diversity, Inclusivity and a Welcoming Campus Climate was introduced during Fall Conference. The framework was developed by the Inclusive Excellence Council to provide a foundation and roadmap for the creation of unit- and college-level diversity strategic planning. The framework is aligned with President Armstrong's Vision 2022 and provides direction for campus initiatives. The goals are to diversify the campus community, support and retain a diverse campus community, enhance campus climate, and exemplify inclusive excellence in Learn by Doing, scholarship, teaching and learning. In the coming academic year, Annie Holmes, executive director for University Diversity & Inclusivity (UDI), will work with each college and unit to develop their respective plans. The framework and additional resources are available at the UDI website. Members of the Cal Poly community are encouraged to review the website in preparation for planning. Hard copies of the framework will be distributed across campus in the coming weeks. For more information, email diversity@calpoly.edu.
